BLUE SOCIETY.ORG

Your Ocean, Your Future

Blue Society
sets the Ocean at the heart of our society to achieve sustainable development and human well-being. The Ocean is our life support system on Earth and we need to maintain it for future generations.

The Sea for Society project is funded by the Seventh Framework Programme of the European Union.
This publication reflects The views only of the author, and the European Union cannot be held responsible for any use which may be made of the information contained therein.
