RELAUNCHING EXTRA

TIME FOR RELAUNCH

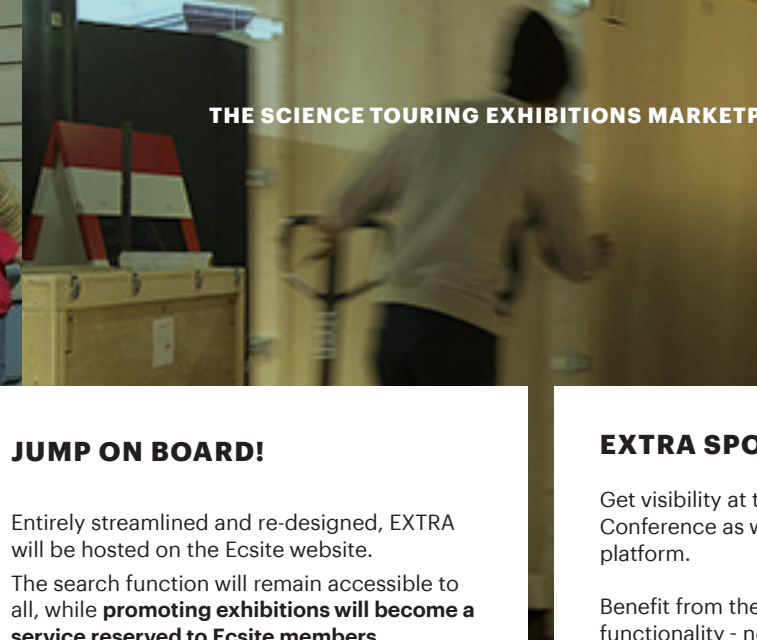

Developed in the 2000s as part of the e-Castex European project, EXTRA soon became THE database for scientific touring exhibitions.

Today it offers 400+ exhibitions and connects 1,700 users.

While the service remains popular, the database's technical framework is starting to show its age... time for a serious rejuvenation.

Relaunch: June 2016, Ecsite conference

THE SCIENCE TOURING EXHIBITIONS MARKETPLACE

JUMP ON BOARD!

Entirely streamlined and re-designed, EXTRA will be hosted on the Ecsite website.

The search function will remain accessible to all, while **promoting exhibitions will become a service reserved to Ecsite members.**

Ecsite members' exhibitions will be migrated from the old platform to the new.

Become an EXTRA sponsor

Associate your company's name with this much-awaited relaunch and reach thousands of touring exhibitions professionals.
