TEKNISKA MUSEET

Theme: How to train your brain to be more innovative

See with other eyes.

Dance with synapses

An experience for all – a challenge for all

Children = developers and advisers

Huge co-creation project: children, artists, researchers

Co-creating "Make music with your whole body"

Mould in thin air. Make music with your whole body. Paint with your eyes.

Recommendations

- Decide on your vision from day one and stick to it!
 - Put co-creation conditions in tender and agreement
 - Designate a Co-creation Manager
 - Create *challenges* for everyone, regardless of their capabilities.
 - Put together a reference group.
 - Celebrate your achievements together!
 - You will be amazed by what your project partner(s) and visitors can contribute. Embrace this!
-
- **For all = a democratic right**
