

Call to host the 2020 Ecsite Directors Forum

Ecsite holds a Directors Forum in November of each year. The Directors Forum is an exclusive and inspiring 48 hour event for the Directors and Senior Managers of Full Member organisations.

Ecsite is hereby inviting Ecsite Full Member organisations to host and co-organise its Directors Forum in 2020.

The event is known for providing a trusted arena where Directors step back from their daily business, get inspired, share experiences and lessons learnt and take advice from each other. The programme consists in a careful mix of keynote speeches, contributions from Ecsite members, local discoveries and peer learning. Attendees expect high level, thought-provoking contents and interactions. The social events and lunch breaks are also an important time, allowing participants to make and strengthen connections. As an example, a detailed report of the 2018 edition can be found [here](#).

Hosting the Directors Forum is a great opportunity to showcase your organisation to the leaders and decision-makers in the European science engagement field.

When reviewing applications, Ecsite will consider:

- Adequate (strategic) theme for Senior Management audience
- Quality of the proposed speakers
- Fulfilment of the technical requirements
- Accessibility of the city
- Attractiveness of the social events
- Motivation to host the event, past and current involvement in Ecsite
- Human resources dedicated to organising the event
- Geographic location, aiming to strike a balance with past Directors Forums, as well as recent and upcoming Ecsite Annual Conferences

If you wish to apply to host the 2020 Directors Forum, please fill in the attached application form. Your application should not exceed five pages and must be received by 29 April 2019, midnight CET. We will not be able to consider late applications or further documents to applications.

The Ecsite Board will choose a Host in June 2019. All applicants will be informed about the decision in July 2019 at the latest.

A CLOSE COLLABORATION WITH ECSITE

The Host's team will be working closely with the Ecsite Office in planning the event. A close working relationship and a high level of collaboration is expected. The Ecsite Board and / or Ecsite Executive Committee will be reviewing progress regularly and approving the event's main components. Ecsite has the last word on the programme.
