## #Ecsite2015 - Wednesday 10 June - Pre-conference day 2

Participants discussed the future of natural history museums, evaluation research and practice, low-budget marketing strategies, the running of Maker Spaces, the possibilities of space science communication... Also on the menu: Ecsite Annual General Assembly and Speakers reception

**Pete Dickinson**

 ENTERPRISING SCIENCE @ENTERPRISINGSCI · 3 YEARS AGO

## Brainstorming

**FUTURE EDUC**

- Book club - part of people's objectives
- Pulling things from outside
- **Must** Be more than a data set for universities
- Developing staff to be able to more effectively practice what to be practical
- Enable professional development research (not just research & research education staff)

**MORE DIVULGATION MARKETING STRUCTURE**

**Actions**

- book club
  - bring back to organisation
  - translate in practice (discussion)
- Common language in research
- Pack it smaller
  - giving confidence
  - making more people do things
  - afford budget
- be more critical of results of research
- safe environment

**Core values (Institution)**

- developing a pedagogical platform throughout our organisation
- Book club

**Analyzing visitor experience (pre-, during and post-)**

- multidisciplinary research - based evaluation through an explorative approach (experiment)
- collaborative research in heritage education
  - labs
  - immersion zone
  - simpl. research in exit → red zone
  - book club like

**Other notes:**

- make research part of someone's personal goals (or hire someone if you can)
- REV pre-con book club
- Use LinkedIn group to show booklets and comments
- Discuss with my colleagues about school groups
- Help curators to write about their activity and aims

Big ideas, thoughts and wishes #chi #Ecsite2015 pic.twitter.com/VDwJEODiv1

 ECSITE\_REV GROUP @ECSITE\_REV · 3 YEARS AGO

## REV research and evaluation in Europe

REV is a membership group that helps facilitate research and evaluation in science museums and centres across Europe.

- ↳ **CONNECT** we provide physical and digital networking opportunities
- ↳ **COMMUNICATE** we share results and methods to facilitate wider understanding of research and evaluation
- ↳ **EQUIP** we support members to conduct their own research and evaluation and to share their findings
- ↳ **ADVOCATE** we promote the value of conducting research and evaluation
- ↳ **ADVISE** we are a reference point for all your evaluation needs

**ARE WE FOR YOU?**  
We support anyone engaged with or interested in evaluation and research in science centres and museums, both for how it's done and what it reveals. That includes academic researchers, in-house evaluators, evaluation consultants and exhibition and programme developers.

**WHY IS REV NECESSARY?**  
Exchanging evaluative practices and research outcomes will help science centres and museums raise the bar for audience engagement through making their public offer more visitor-focused.  
By offering a central, formal hub we encourage broader participation and help increase the legitimacy of science education research.

**JOIN OUR PRE-CONFERENCE PROGRAMME**  
REV runs a two-day pre-conference workshop at Ecsite. It's an interactive session based on the experience of researchers and evaluators working in the field, designed to give practical ideas, skills and tools for you to apply at work.

Past sessions have included:

- ↳ a basic introduction to visitor research aims and methods
- ↳ how to conduct visitor research on a tight budget
- ↳ bridging the gap between academic and practitioner research
- ↳ frameworks and models to apply to your work
- ↳ how to segment your audiences

Check out [www.ecsite.eu/annual\\_conference](http://www.ecsite.eu/annual_conference) for details of this year's workshop.

**ecs**ite

**GET INVOLVED**  
Join our LinkedIn group. Contact: [rev.group@yahoo.com](mailto:rev.group@yahoo.com) to join our mailing list.

Wondering what REV is all about? Small reminder! [#chi #Ecsite2015 pic.twitter.com/sJXh1MbhJ7](https://twitter.com/sJXh1MbhJ7)
