# #Ecsite2016 - Saturday 11 June Conference day 3

A digital waltz through the last day of #Ecsite2016, with echoes from 30+ sessions, primatologist Frans de Waal's keynote and the renowned Farewell Party.

---

The 2016 Ecsite Annual Conference is taking place in Graz, Austria, and is hosted by FRida & freD, Science-Centre-Network and Universalmuseum Joanneum.

On this final day, Twitterers were a little tired from intense intellectual stimulation, networking and partying. A few sessions weren't reported on - we've kept them here for the record.

## 09:00 - 10:15 Sessions

### Science centre functions: what do we sacrifice?

Do science centres and museums have to do it all? What public engagement activities should be left to someone else and why?
