

## Catch the tricks as in **MATRIX** and finally get your own movie trailer from sci-fi.

The amazing look into the movie industry.  
How is the movie made?  
Find out what is hidden behind the camera.  
Get to know films' and televisions' career and become part of this world.

### EXHIBITION AIMS

Catch your change to be in your own Movie world...  
This highly interactive exhibition pretends to be as a studio, where the sci - fi movie is created.  
The visitor can discover the unique world of movie and television professions and will get the change to be part of his own movie story.  
In a funny way everyone can get the experience how difficult are the jobs as a television reporter, cameraman or animator of the puppet film.

Start the mission and find out all about the suspended camera, keying, News studio, production of a puppet film.  
Ge the other knowledge about the terms, which you see daily: zoom, focus, depth of field.... and much more.
