CODICE. IDEE PER LA CULTURA WILL PROVIDE THE FOLLOWING TO THE HOST VENUE:

- A set of sceneries, back drops, and structures, complete with iconography (to be produced by the venue);
- scenic reconstructions of Darwin' studio;
- scenic extinct animals' and plants' reconstructions/taxidermies;
- interactive digital exhibits;
- educational videos;
- hands-on mechanical exhibits;
- Instructions for exhibit set-up and dismantling;
- Suggestions for educational events;
- Suggestions for substitutions of the worldwide set of original specimens, even focusing on regional cases;
- Instructions for day-to-day supervision;
- Additional materials (educational kit, marketing kit, operations guide); - The assistance of our junior curators, who will work with your experts to search for original specimens and customize the exhibition (to be quoted separately on request).

HOST VENUE WILL BE RESPONSIBLE FOR PROVIDING:

- Facility report on controlled environment, safety, structure and accessibility in the host venue;
- Transportation costs of the materials and liability insurance on the materials
- Travel costs of the Codice installation team to supervise and assist installation and dismantling;
- Skilled support staff to assist with installation and dismantling, including a site manager and an electrician;
- Translation of text for panels, digital interactives, etc. into the venue's desired language;
- Electrical supply;
- Additional exhibition lighting;
- Audio-visual support;
- Promotion and publicity;
- The exhibition must be under surveillance at all times.
